Graduate Opportunities

All full-time graduate students that are accepted into the School receive financial support in the form of a research assistantship or teaching assistantship for the duration of their degree (MA, MSc, 2 years; PhD, 4 years). In addition, McMaster University offers tuition bursaries to qualified students. Foreign students studying in Canada on student visas pay higher tuition fees. Further information can be found at:

www.science.mcmaster.ca/geo/graduate/financial_supp.html

Where will your degree take you?

Our students are very successful in obtaining their chosen positions in academia, industry and the public sector or in continuing their studies. A graduate degree in Geography or Earth and Environmental Sciences does not limit you to a specific job market, but provides you with a wide range of knowledge and skills that are applicable in many. A recent survey of our graduates shows a high degree of satisfaction with their post-degree career paths.
